

Preferred Client List

In response to an overwhelming number of requests by individuals interested in “resale units” at either The Sands or The Palms or future Oceanfront Developments by the Hartling Group, the following information sheet is being offered as a way to give you priority notice of any new developments or “resale units” that may become available before they are offered to the general public. This also would give you the opportunity to take advantage of the earliest pre-construction pricing of a future project.

QUESTIONNAIRE
